## BANQUETS AT CRAB ORCHARD

Masons and Eastern Stars and Odd  
Fellows Entertain Friends With  
Delightful Affairs.

Crab Orchard, June 9.  
Two of the most enjoyable entertainments ever given in Crab Orchard, were the banquets of the Masons and "Eastern Star" combined, which was given at the Masonic Hall on Thursday night of last week, and the Odd Fellows' banquet on last Friday night, and both occasions will long be remembered with pleasure. Rev. C. E. Wyatt, pastor of the Christian church was chosen as Toastmaster at both banquets.

In a beautiful and appropriate prayer, Rev. Morgan, of Crab Orchard opened the meeting. Mr. H. G. Skiles, secretary of Crab Orchard Lodge, in a most enthusiastic manner welcomed the guests, told of the great work being done by the order all over the world, and plainly showed how proud he was to belong to such an organization.

J. N. Saunders, of Stanford, Deputy Grand Master of Grand Lodge, was next introduced by Rev. Wyatt, and he entertained the crowd for several minutes in a most interesting talk about the greatness of his order—not forgetting to explain how a poor brother was initiated, which was laughable in the extreme.

Mrs. Katherine Watts Clark, Worthy Grand Matron of the "Eastern Star" order, was next introduced in a beautiful manner, by Toastmaster Wyatt. She spoke of the pleasure it was to her to see the rapid stride the order was making here in Crab Orchard; was satisfied with their work, and said it was her first attempt to address both the Masonic and Eastern Star orders upon any occasion. She was a most interesting speaker and is thoroughly in touch with her great work.

Rev. Wyatt next introduced Dr. George B. Lyne, Worthy Patron of the Eastern Star, and Mr. Lyne gave an interesting story which thoroughly explained how much charity work and help the order was rendering to the world, and still practicing the scriptural injunction of not letting the left hand know what the right hand doeth, and right here let us say if any man on earth lives this life, it is our own townsman, Mr. G. B. Lyne, who has never yet refused to answer liberally to every call of need, and never speaks of what he has done.

Dr. M. M. Phillips, Master of Crab Orchard Lodge, was the next speaker introduced and spoke in stirring terms of the grandness and benevolence of his order; of the work accomplished, and of the great possibilities awaiting them. He spoke with an ease and grace of manner and like all the rest, was proud to belong to such an order.

The next speaker to be introduced by Rev. Wyatt was Mr. David Jackson, of Louisville, Past Grand Master, and now Grand Secretary of Kentucky and in his happiest mood, his face beaming as though he was eager to talk, he did some talking. He showed in every tone and gesture how proud he was to belong to the great Masonic order; said no people on earth were doing so much good for the world. Explained the great work being done for the widows and orphans in Kentucky; how the little ones were being taught every useful thing. How doctors, dentists and nurses worked without any pay to help this institution; of its sanitary condition of the Home for men at Shelbyville, with 44 inmates enjoying all the privileges of home, and many times during his most interesting talk he would stop to say "Men it means something to be a Mason." He also told of the four years at High School to be given the orphans after they leave the Home. Then followed the good part of the program—tables reaching the full length of the Masonic Halls were laden with everything to tempt the palate. Cold boiled ham in generous slices, light bread, pickles, dressed eggs, salmon salad, fruit salad, cheese and olives, then plates heaped with delicious ice cream, and fresh strawberries, coffee and iced tea, delicious cakes.

Prof. Hatfield offered the closing prayer. Music was splendidly rendered by the Crab Orchard orchestra. On Friday night the Annual Banquet of the Order of Odd Fellows was held in the same hall, and as many of the Masons are also members of the I. O. O. F., the exercises were similar. Rev. Wyatt as Toastmaster, certainly deserved special mention, so well he performed his part. At one time he had the crowd convulsed with laughter at his witty repartees, the next moment almost in tears at his serious pictures. Anyway, he was a fine toastmaster at both banquets. He is from Carrollton, Ky., and pastor of the Christian church here, where he is doing a great work.

Prayer by Rev. Wyatt opened the exercises of the evening. Rev. Wyatt introduced Mr. Skiles as first speaker, and in his very best style he welcomed the crowd and then plunged at once into his subject of telling how great was his order. He said he had belonged to the Odd Fellows since he was twenty-one years of age, and had never had occasion to regret his step; spoke of the great work they were doing, and of their Widow's and Orphan's Home at Lexington, and explained what it meant to be an Odd Fellow.

The second speaker was Mr. W.

H. McDonald, of Barbourville, who paid a beautiful tribute to Kentucky, her people, her scenery, her grand possibilities, and that in this, as in every state of our grand old union, you are able to find a brother wherever you go. He spoke of the youthfulness of the order of Odd Fellows—only a little over a hundred years, and he exclaimed, "Give us another hundred years, and what cannot we accomplish?" He said he belonged to 54 societies, saying nothing about his being a Methodist and a member of the Republican party. His talk was both enjoyed and appreciated and his witticisms were fine.

The next speaker introduced by Toastmaster Wyatt, was Mr. George W. Smith, Jr., of Lancaster, District Deputy Grand Master, and he certainly impressed his hearers that he was thoroughly acquainted with the great work of his order and conversant with its upward climb. Both he and Toastmaster Wyatt boasted Mr. George B. Lyne of Crab Orchard, for Grand Warden of the Grand Lodge. Both stated how well worthy Mr. Lyne was for the position. Mr. George B. Lyne was the next speaker to take the stand, and although he had a great deal he intended to say, he was so embarrassed and surprised at being boosted for Grand Warden that he said very little. He praised his order, spoke at large of their grand work, and of their prosperous brotherhood.

Rev. Wyatt then introduced Hon. R. L. Tomlinson, of Lancaster. We were expecting grand things from him, and he certainly did not disappoint us. A natural orator, the silvery notes followed in beautiful cadence as he ascended flight after flight of lofty minded pictures. He told how if he were a painter, he would paint upon canvas Odd Fellowship; he would show the open grave in which the father of a family lay; on one side the widow, on the other the orphan; then the great light of Odd Fellowship surrounding, protecting and caring for them both. This he said was what it meant to be an Odd Fellow. Such an order with such principles could not be kept down, and today stands without a peer. He spoke of the grand noble women of Kentucky, not failing to pay a tribute to his own wife, and then his eulogy of woman was perfectly sublime—but at the very last of his beautiful tribute to her, he made this assertion. He said we were told in the Bible that God made man and that after man's creation God rested. Then a rib was taken from man and woman was formed; said there was no record in the Bible that God rested after he created her, but one fact remained—man had had no rest since she was created.

Dr. Phillips then addressed the crowd in a few well chosen remarks, well delivered, and pointed, and was glad to see such great enthusiasm shown.

The menu was exactly the same as that at the Masonic banquet, and about one hundred and forty well fed people went away feeling that it was good to have been there. The same number of people attended each banquet as nearly as could be estimated. The two orders desire to express their thanks to the ladies who served the feasts, and to the young ladies who waited on the tables, and to the orchestra for the sweet music.

## FORTY-NINTH ANNIVERSARY

As Preacher to Be Celebrated by  
Rev. Joseph Ballou Sunday.

Next Sunday morning Elder Joseph Ballou will preach in the Christian church in Stanford. Forty-nine years ago he preached his first sermon at Antioch, Pulaski county. Since that day he has held protracted meetings in seventy-five churches in twenty-six counties in Kentucky.

He has had some unusual experiences in this extended ministry. He baptized the oldest man he ever saw; he was 102 years old, and had been with Gen. Jackson in the war of 1812-15. Mr. Ballou brought into obedience to Christ, three generations in one meeting in Hardin county—grandfather, father, and son, aged 73, 53 and 23 years old. They all went down into Nolin Creek together and were immersed. In one meeting at Antioch, Madison county, there were 85 converts in eleven days' meeting, nearly all being adults. He baptized his oldest sister, who had carried him around in her arms when he was a baby. She was a widow and a grandmother when she was baptized. He has preached the gospel in Nashville, Tenn., Hutchison, Kansas, Sedalia, Mo., Arcola, Ill. Among the converts in some of these meetings were seven doctors, several preachers and some lawyers, one circuit judge being included in the latter.

The subject Sunday will be "Preparedness." Reserved seats for preachers, doctors and lawyers.

## REV. CARPENTER HONORED.

Rev. Homer Carpenter, pastor of the Shelbyville Christian church, and who married Miss Tevis Carpenter, daughter of Dr. and Mrs. J. G. Carpenter, of this city, has just been highly and signally honored by being chosen Chancellor of Transylvania University, College of the Bible and Hamilton College at Lexington, and has tendered his resignation as pastor at Shelbyville to take effect the first of September. Mr. Carpenter's election was made several weeks ago by the combined boards of the three institutions and a committee was sent to notify him of their action. He took the matter under consideration, being at first loath to give up pastoral work, and it was not until a second committee visited him and urged his acceptance of the position that he gave them a favorable answer. The position is a new one just created by the boards of the three institutions, which are now combined under one head, and the work will be similar to that done by President Crossfield. The place was made necessary by the great increase in the institutions, Transylvania alone having five hundred students. It is the leading college of the denomination in the South.

## "CARMEN" HERE THURSDAY.

A feature attraction at the opera house next week will be the presentation of Geraldine Farrar in the great opera "Carmen" on Thursday evening, as a Paramount feature. In securing the appearance of Miss Farrar before the motion picture camera the Lasky company scored the greatest coup in the history of the motion picture industry. In "Carmen" Miss Farrar is seen as the half wild, fascinating gypsy who is the head of a band of smugglers. How she leads one man to death and another to ruin and is herself stabbed by a jealous lover are but incidents in this thrilling five reel picture. The bull fight scenes were specially staged by a company of toreadors brought from Spain and with bull brought from Mexico.

## COCKING—HOPKINS

Beautiful Wedding Solemnized At  
McKinney Wednesday Morning.

A beautiful home wedding was solemnized at the home of Mr. and Mrs. J. W. Cocking, at McKinney, Wednesday morning, June 7, at nine o'clock, when their elder daughter, Lillian Ruth was given in marriage to Robert Harvey Hopkins, of Moreland. The home was simply decorated in daisies and potted plants and about twenty-five guests, intimate friends of the bride and groom assembled to witness the ring ceremony, performed by Rev. Ernest Ford. The bride looked beautiful in a white crepe de chene gown, with pearl trimmings. Her veil was draped with pearls and valley lilies and she carried a shower bouquet of roses and lilies. The groom was dressed in black. The attendants were the bride's sister, Miss Margaret Cocking, who was dressed in white wendy and wore a white picture hat, and Mr. Ben Pruitt, of Moreland, Miss Ruth Tanner, of McKinney presided at the piano, playing "Hearts and Flowers" as a prelude and Mendelssohn's "Wedding March" for the entrance of the wedding party. After the impressive ceremony, congratulations were extended, the bouquet pitched and was caught by Miss Mancy Ware. The bride changed her wedding gown for a beautiful blue tailored suit and they left by automobile for Stanford, where they took train for parts unknown to their friends. Three cars of young people followed them to the train finally running them down at Rowland, where they properly escorted them aboard with plenty of rice.

After their return from a wedding trip they will go to house keeping in McKinney, where the groom is principal of the school. Both are very popular young people of that section of the county and have a host of friends who will extend hearty congratulations and good wishes.

## Heard About Town

W. W. Hays, local agent, sold a four-cylinder Studebaker touring car to E. G. Bickley, of Boyle county, this week.

T. A. Rice has a handsome six-cylinder Buick car in his garage on Danville avenue, which he will soon take lessons in driving. He purchased the machine from Conn & Taylor of Danville.

Stanley A. Harris, representative and leader of Camp Daniel Boone, stopped over today en route to Lancaster. He says that the prospects for a fine camp on the Kentucky river this year are excellent. Several boys from here are planning to attend some time this summer.

The streets of Stanford have been drenched by rain almost every day since the big car of oil arrived, so that it has been impossible to apply it. Everyone hopes this unseasonable weather will soon be over and the dust nuisance can be abated.

Phillips & Phillips are showing something new in window decorating at their gent's furnishings emporium on Main street, having secured a very nifty and nobby paper background for their furnishings display, which is said to be the latest thing out. A fringe of exquisite tapestry makes a beautiful frame for the windows.

N. O. True and pretty daughter, Miss Estelle, were in Stanford Friday morn and paid the I. J. an appreciated call. Mr. True has just purchased a Ford touring car, securing the Merriam car from Williams & Riffe, of Hustonville, and he is now driving it around like a veteran chauffeur.

Miss Ella May Holtzclaw, a graduate of Stanford High School, class of 1915, and who later took a course at the Richmond Normal school, has just very successfully finished a school in the Goshen neighborhood. Miss Holtzclaw gave complete satisfaction in every way and all of the community were delighted with her work.

The Nicholasville News said this week: Mrs. Joseph Coffey, one of the very best women of Stanford, died last week after a long illness of a complication of troubles. Besides her aged husband, she leaves three sons and a daughter, the latter, Miss Ella May Saunders, whose devotion and attention to her mother during her long illness was beautiful to behold. The burial occurred in Buffalo cemetery Friday afternoon in the presence of a large circle of friends. Mrs. Coffey's first husband was Walter W. Saunders, who killed the notorious desperado and bandit, Jim Bridgewater, who gave Lincoln county much trouble. He was made sheriff for the act.

Mrs. J. K. Baughman, of the West End, was here this week, ordering programs for the W. C. T. U. Gold

Medal contest which will be held at Moreland next Thursday evening. A very attractive program has been arranged for that evening, which will be printed in full in next Tuesday's Interior Journal.

Dr. N. A. Palmer, Superintendent of the Kentucky Anti-Saloon League, was in Stanford Friday with friends.

Col. S. T. Harris and Dr. E. J. Brown were in Louisville last week to consult a specialist about Col. Harris, who has been in poor health for several weeks, his many friends regret to know.

Miss Stella Bicknell, who is a candidate in the Richmond Register's big auto contest, was in Stanford Friday soliciting subscriptions and votes. She is a very attractive young lady and looks like a sure winner.

News comes from Martinsville, Ind., that "Walk" McKinney is taking two baths a day at the Colonial Mineral Springs big sanitarium there and is putting on more flesh right along. Al Severance suggests that when "Walk" gets back home he won't take another bath for a year or two he will be so "long" on the showers that they're throwing in with his board bill at the big health resort.

The remains of Mrs. George Sandbrook, daughter of Baker Walls, who died at Lexington Monday, were brought here for interment Wednesday. Undertaker J. L. Beazley met the remains on the 2:30 train and interment was in Goshen cemetery. Mrs. Sandbrook had made her home in Lexington for a number of years but formerly lived in this county and at Corbin, her husband having been a railroad man.

## TRYING TO GET TOGETHER

Rads and Bull Moose at Chicago  
Busy Confering.

Chicago, June 9—Theodore Roosevelt seized the first opportunity Thursday to break his silence at Oyster Bay, whereupon things began to happen at Chicago, and last night the Republican and Progressive parties took steps on their way to harmony.

A "loaded" committee is already at work to iron out the differences between the two parties; and the only casualties thus far have been among the Western Progressives of the Murdock stripe. They realize that Perkins and his Wall street friends, with the apparent consent of Roosevelt are determined to stake all on putting up one amalgamated candidate to oppose Woodrow Wilson, and they see evidences on all sides that the candidate will be Charles E. Hughes, whom they scorn. They may nominate Roosevelt Friday or Saturday, in spite of conferees of the Republican convention, but well-advised men predicted last night that Roosevelt will decline the nomination.

When the harmony conferees adjourned early Friday morning they had decided that the Republican convention should proceed to ballot as soon as possible in order to determine as soon as possible in order to determine the relative strength of the candidates. During the balloting the Conference Committee is to meet again.

The favorite son leaders were highly pleased with this decision, believing that it gives them a fresh chance to eliminate Charles E. Hughes in favor of Philander C. Knox, of Pennsylvania, as one of their own number. Hughes leaders declared they will be able to nominate unless Roosevelt makes a statement inimical to their candidate in the meantime. The Progressive conferees agreed to attempt to prevent a nomination in their convention by informing the Bull Moose delegates that their choice is already known.

After the Republican National Convention had declared elected all National Committeemen except in cases where contests had been filed, friends of J. W. McCulloch, of Owensboro, who was defeated by A. T. Hert, of Louisville, for this honor, pressed their fight, saying notice of contest had been given in this case and that it would be taken up after the convention.

## COURT WINDING UP MAY TERM

Civil Suits Occupy Attention During  
Closing Hours—Three Prison-  
ers Taken to Penitentiary

The May term of Circuit Court will probably adjourn late this afternoon after three weeks of work. As the I. J. goes to press, the attention of court is directed upon the civil suit of Will Carter, of Missouri, against his brothers, J. M. and C. H. Carter, of this city, for \$500 from each, which he claims should have come to him as a share of their father's estate. Quite a number of witnesses have been heard for each side and the case is being hard fought by Attorney J. B. Paxton for the plaintiff and Attorney K. S. Alcorn for the defendants.

In the case of the Wheeling Mould and Foundry Co., against Will Cordier for \$350, alleged to be due on the purchase of a gasoline engine, a jury gave a verdict in favor of Mr. Cordier, in which they gave him his contention of a counter-claim against the plaintiff. He alleged that the engine was defective.

The case against D. S. Bromley, of Louisville, was continued, it being understood that a compromise agreeable to all parties concerned has been arranged.

The damage suit of Peter Gose, a Pulaski county negro against the L & N. railroad, was thrown out of court by the jury, it being shown that the plaintiff had no grounds for securing damages from the railroad.

Charles Robbins, of the East End, secured a judgment against A. K. Gooch, of the same section, of \$75 damages for use of a passway.

Attorneys were here this week arguing a point in the famous Robinson insurance case. It was finally decided by the court that it will be tried upon its merits at the November term of court.

A jury gave Rhoda Higgins, a negro from the Deep Well Woods section a fine of \$50 for selling whisky to Hiatt Burge. The charge against Burge of procuring whisky for another was dismissed.

Everhart Reynolds was acquitted on a charge of incest. He is a local negro.

The grand jury has so far returned 17 indictments into court, a number of them being for the illegal sale of liquor. It is expected that the grand jury will be finally discharged from duty today. A number of witnesses were on hand this morning to go before it.

Three prisoners were taken to the penitentiary early this week by the sheriff and his deputies. All were convicted at this term of court. They were Joe Hocker, two to five years for killing Ollie Gardner. Alfred Jones, two to five years for chicken stealing; James Jones a year for turkey stealing. All are colored.

## THE ROOK CLUB.

Mrs. E. J. Brown was hostess of the Rook Club on last Tuesday afternoon at her home on Hightation. Five tables of players were present in spite of the unfavorable weather and all spent a most enjoyable afternoon. Mrs. R. C. Hocker won the highest score for the afternoon. The following guests were present: Mesdames J. B. Paxton, J. S. Owensley, J. A. Tribble, S. M. Sauffey, Wm. Severance, A. H. Severance, G. G. Perry, R. B. Bruce, J. C. Bailey, G. B. Cooper, E. P. Woods, T. W. Pennington, W. R. Todd, McKee Riffe, T. J. Hill and sister, Miss Bruning, W. R. Hocker, J. B. Foster, J. H. Woods, J. S. Rice, Walter Saunders. Delightful ices, berries and cakes were served at the conclusion of the game.

# Why Not Face the Facts About Armor Competition?

To the People:

The policy of the United States Government for many years has made real competition in armor-making ineffective.

The Government might have asked the three armor plants for bids and let the entire tonnage to the lowest bidder. That would have made competition effective.

The result of such a course would have been to drive two of the three manufacturers out of business, and leave the country with facilities of only one plant in time of need.

**The Government in fact has always asked for bids from the three manufacturers, but no matter what the price quoted, each year's business was divided among them.**

Armor makers serve but one customer—the Government, just as a public utility serves but one customer—a community.

The solution of the public utility problem is regulation of rates.

The solution of the armor problem is for the Government to fix the price.

We voluntarily agree to accept any price fixed by the Federal Trade Commission. Isn't acceptance of that offer better than the destruction of an industry built solely to serve the Government?

## BLUE GRASS SEED SHORT.

Estimates of bluegrass seed prospects reaching the Experiment Station and Lexington seed dealers range from thirty to fifty per cent of a crop. The same abundance of white clover that has turned cattle into bloated monstrosities and caused a heavy loss in nearly all herds has checked the bluegrass to pitiful dwarfishness.

The clover and the grass have a way of rotating every few years, although not according to any fixed plan apparently. There is a theory that when the soil becomes deficient in nitrates the legume, which takes its nitrogen from the air, overruns the grass. However, the seasonal conditions constitute a factor which can not be figured into theories or conditions which favor the clover and are disadvantageous to the companion plant.

Moisture and temperature and fertilization at some crisis may be the deciding factor. Unquestionably, the drouth of the last month or more has worked to the disfavor of bluegrass. It completed work that crowding had commenced, and sickly stems seeded very close to the ground. Whole fields average no better than shoe-top depth. Agriculturists will expect a big crop of seed next year. Just as clover had strangled the crop this year it will become the fertilizer for it next. Assuming that there was a deficiency of nitrates resulting from the heavy rains of last year or some other cause there will be an abundance next year thru clover renewal.

## Heard About Town

R. A. Goode, of Lexington, formerly of this city, figured in a bee swarming episode in Lexington last week according to the Lexington Leader, which said: A swarm of bees which spent the night in a maple tree at the southeast corner of Third and Walnut streets attracted attention from the whole neighborhood. R. A. Goode telephoned beekeepers in the vicinity of Lexington hoping that he could warn the owner of the fugitives, but none was conscious of a loss. The bees settled at sundown and resumed their flight at daylight. There is an old saying among beemen, "A swarm in May is worth a stack of hay; a swarm in June worth a silver spoon; a swarm in July not worth a lie," so the value of this particular swarm was about ten dollars, could it have been gummed. Mr. Goode said that it was a characteristic of bees which swarm for the first time to settle before going into a hive or tree home. The second time they swarm, however, they mode no stop and all creation can not stop them.

When J. C. Miller, owner of 101 Ranch Wild West Show, and formerly of this county, decides to invest in motor cars he shows no more emotion in the matter than in buying or selling longhorns on his Oklahoma ranch. Miller appeared at a big factory, several blocks away from where his tented city lay encamped, again consulting his pocket book and produced a \$1,000 bill and some odd hundred dollar bills and walked away with a new machine. First to test out the riding qualities of the car were Col. W. H. Cady, better known as "Buffalo Bill," who travels with the show, and Chief Wa-na-Saga, who is considerably over a hundred years of age. Chief Wa-na-Saga's countenance is perhaps the best known of any Indian in America. Before the new "Buffalo" nickel issued by Uncle Sam was sent out from the mints, the Chief posed for the Indian likeness which decorates the obverse side of the coin. He is thus solidly commemorated in our currency for the generations to come.—Ex.

## SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

## VISITOR 108 YEARS OLD.

(Pineville Citizen)

An interesting visitor in Pineville was Uncle John Shell, of Leslie county, who was passing thru on his way to London to attend Federal court. Mr. Shell was born in 1808 and is 108 and moved from the Hiawatha river in Tennessee to what was called the New Purchase when he was twelve years old. He distinctly remembers many incidents of that time and says he lived across the river from a friendly tribe of Indians and traded old clothes with them for baskets and other articles, and says he remembers the women carrying their children in sacks swung around their necks and they always went in droves, the women leading the way. Mr. Shell came thru Harlan on his way to Kentucky ninety-eight years ago and says there were only three small houses in the settlement. He reared eleven children, the youngest dying four years ago at the age of fifty. His wife was his own age and lived to be one hundred and six dying two years ago. Mr. Shell is hard of hearing, but walks without a cane and goes where he pleases unattended. He rode horseback twelve miles thru the mountains from his home in Leslie to Harlan, where he boarded the train for London to attend court.

### R. M. ARNOLD, Maker of the Famous ARNOLD BUGGY

#### "Why Swear, Dear? Use 'Gets-It' for Corns!"

It's the New Plan. Simple. Sure as Fate. Applied in a Few Seconds.

"Why, John, I never knew you to use such language! I've told you several times it's no use to try those bandages, salves, tapes, plasters, and

"You Wouldn't Lose Your Temper, John, If You Used 'Gets-It' for Those Corns!" contraptions for corns. Here's some 'Gets-It'. It's just wonderful how easy, 'clear and clean' it makes any corn come right off. Takes but a few seconds to apply. It dries at once. Put your sock on right over it—there's nothing to stick or roll up, form a bundle of your toe, or press on the corn. It's painless, simple as rolling off a log. Now put away those knives, razors and scissors, use 'Gets-It' and you'll have a sweeter disposition and no more corns and calluses. 'Gets-It' is sold by druggists everywhere. 25c, a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy, by the Lincoln Pharmacy.

#### WHAT EXPERIENCE HAS TAUGHT.

Herman Rosenthal, advertising manager for Sears, Roebuck & Co., in the course of an address before the Ad Club Convention made the following statement: "We have a bureau whose duty it is to read each week the county newspapers from all over the country. There is not a paper of any consequence in our trade territory we don't get. The bureau looks over all these papers, and when we find a town where the merchants do not advertise in the local paper we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants use their local papers." The above speaks for itself. It only proves what every live business man knows that it pays to advertise. The business that doesn't bear advertising is not worth having. What would the business of Sears & Roebuck be without skillful advertising? What is your business without advertising?

#### HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—it will be confidential.

#### FROM B. T. LUNSFORD

Norton Infirmary, Louisville.

Editor Interior Journal—

I wish you would give me space in the I. J. to tell our friends that my wife and I came to Louisville April 19th to Norton Infirmary for her to be treated by Dr. McMurtry for cancer. We have been here nearly seven weeks now; five weeks of the time her life hung in the balance. I did not know which way it would go but I thank God for such men as Dr. McMurtry for God has blessed his labors. Garrard county has furnished two very distinguished men, at least: W. O. Bradley politically and Louis McMurtry surgically. Dr. McMurtry stands, in my judgment, at the top of the ladder. He sure has been a great blessing to suffering hu-

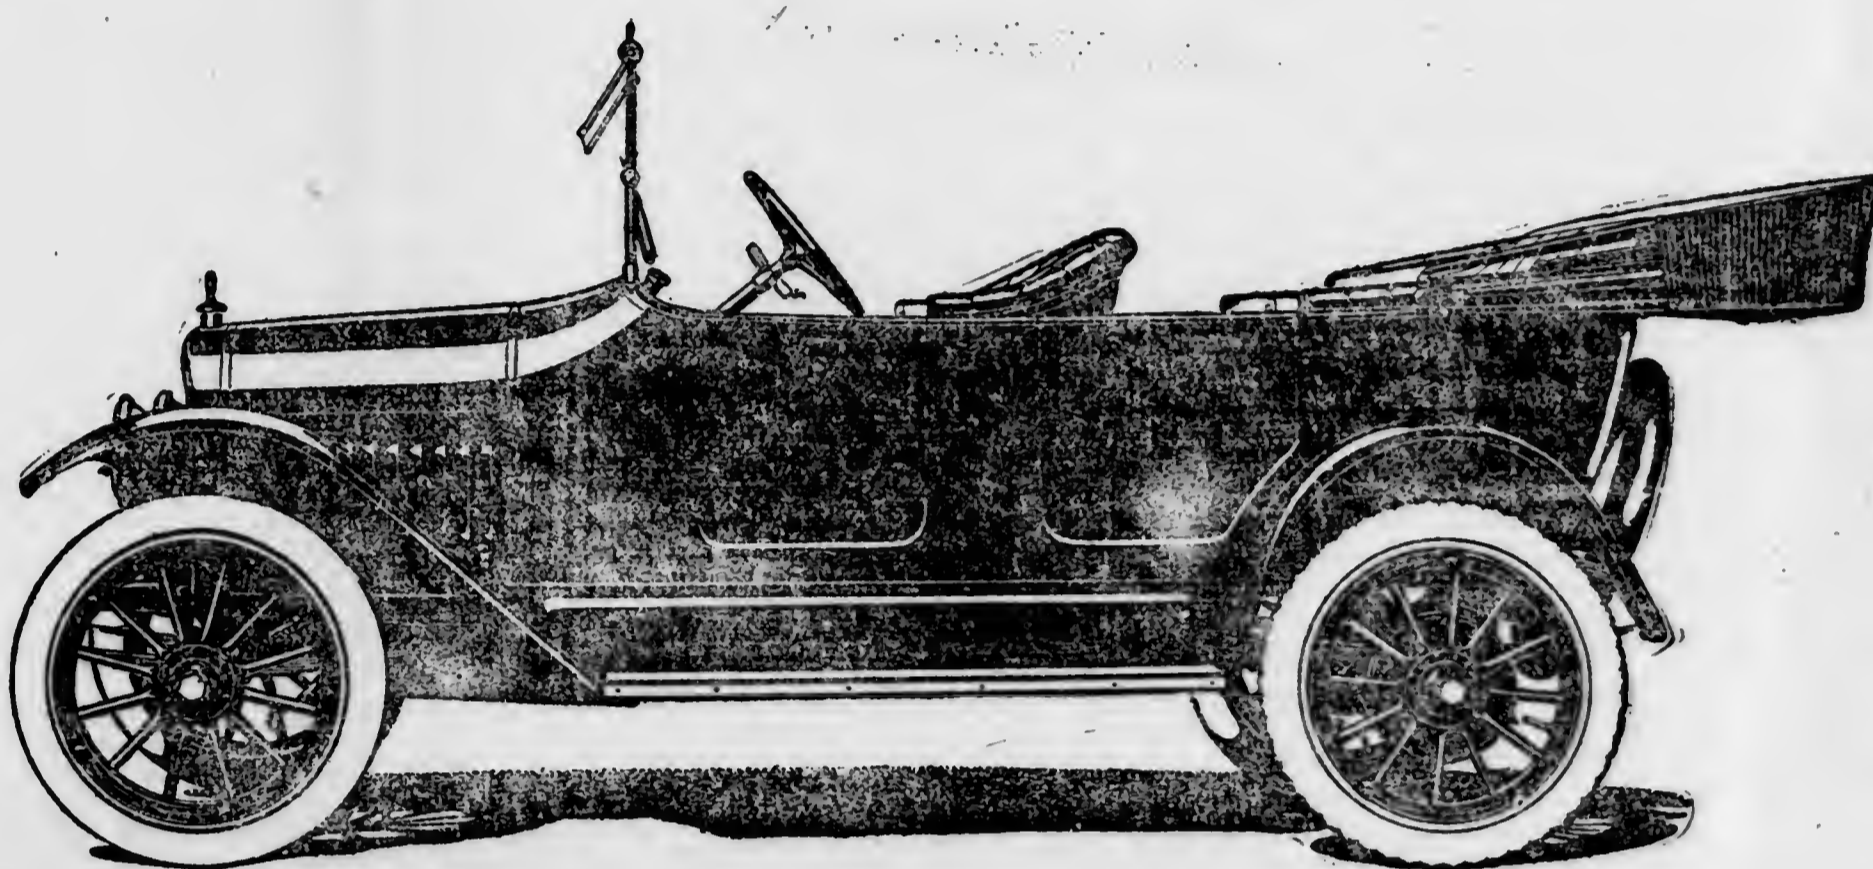

manity. And now, a word for the Norton Infirmary: I have been here seven weeks and have watched them come in sick and afflicted and in a short time go out well. The nurses all meet you with a smile and cheer you with kind words. Now a word to the good people of Louisville who have visited our room and have tak-

en an active interest in our welfare. First was Jesse M. Rogers, our former pastor, from the theological seminary. He visited us three times and prayed with us and for us and sent Mrs. Lunsford nice flowers. D. B. Edmiston and his good wife sent us flowers and refreshments and never tire inquiring about us. The

Grand Secretary of the Grand Lodge of Masons of Kentucky, big-hearted smiling Dave Jackson, and wife have visited our room and brought cheer and comfort to our hearts with their presence and beautiful flowers. Last, but not least, they assured me if I needed financial assistance he stood ready. I never realized what Mason-

ry stood for so forcibly as when he stood by me and assured me that I could call upon him and he was willing and ready to assist me in any and every way. I thank God for what Masonry is doing for the world. As soon as the ladies of the Baptist church knew of us they visited our room and assured us in their prayers

they would remember us at the Throne of Grace. Dr. McMurtry told me he would set the day, Sunday, that we could go home to our little temporal home in Lincoln county, the dearest spot to us on earth. Hoping to see you all soon, as ever, your friend and brother, B. T. LUNSFORD.

## Why You Should Own a Maxwell

#### Comfort

First, because it is a comfortable riding car. Plenty of room for five people; deep, soft cushions; springs made of the best spring steel, scientifically heat-treated, accurately suspended and balanced. You will always be comfortable in a Maxwell.

#### Appearance

Second, because the Maxwell is a trim, smart, good-looking car.

Many makers of heavy, high priced cars, as you know, have copied the general lines, the shape of the body and hood of the Maxwell. This is more of a compliment than an infringement.

#### Service

Third, because the Maxwell, being a product of thirteen years evolution, is so designed and manufactured that it gives unfailing, consistent and satisfying service to thousands of owners.

Maxwell cars are made of the best materials that money and brains can buy—and they are made right. You can get out of any car only what is put into it.

#### Low First-Cost

Fourth, because you get everything in a Maxwell that you can get in any car and you get it for less money.

The answer to this is that the Maxwell is a light car and it is built in enormous quantities. The Maxwell Co. is one of the three largest producers of high grade motor cars in the world.

#### Low After-Cost

Fifth, because the Maxwell will give you more miles per dollar than any car built.

We say this without hesitation or doubt. It is our honest belief and we are willing to prove it by Maxwell owners, by comparison with any other car or by any other way you suggest or prefer.

The Maxwell will please you. We know it will. Let us arrange for a demonstration and we'll take the responsibility of satisfying you completely.

Mrs. W. H. Mershon and son, Louis, left this week for a visit to her son, W. D. Skidmore at Indianapolis. On the way there they stopped off for a short visit to her sister, Mrs. Whitehouse at Lebanon Junction.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Formerly part of the blue grass farm of the Beazley Brothers, recent owners of McGrathiana Farm in Fayette county and now owners of Shenandoah Farm, near Lexington.

#### THIS HUGHES FARM IS AS RICH AS DOUBLE CREAM

It has been improved by the present owner and made richer yearly with the idea in view of erecting a home thereon, for a family residence, but a decision just made not to leave the metropolitan districts and an excellent opportunity offered to invest the money now in the farm in his home city to a much better advantage has changed his plans, hence this advertisement.

#### MORE THAN THIRTY DOLLARS PER ACRE IN IMPROVEMENTS PUT ON IN PAST TWO YEARS

110 acres in grass.  
68 acres in fresh cultivation following meadow.  
Four-room dwelling with large smoke-house, large chicken house, cistern and fenced-in yard and garden.

Rights by deed to water from big spring on adjoining farm.  
Virtually cleared of stumps during present ownership.  
New cross fencing divides farm into four convenient fields.  
Has had recent benefit of more than a car load of artificial fertilizer and grazing cattle, as well as manure spread from fattening cattle fed in barn past 18 months.

#### BEST AVAILABLE FARM CLOSE TO LANCASTER MARKET

New road construction, under State-supervision, of Lexington pike, gives the farm a boulevard frontage.

#### OFFERED AS A WHOLE FOR \$26,700, OR DIVIDED

#### GIFFORD—SIMS WEDDING

New Salem Young Man Weds Casey Girl—Middleburg News

Middleburg, June 9. Clarence Sims and Miss Etta Gifford were married Sunday afternoon, Rev. K. G. Martin officiating. The marriage took place at Robert Lanham's on the Liberty pike. The groom is a son of F. N. Sims of the New Salem section and is a sober and industrious young man of the best of habits. The bride, whose parents died when she was quite young is one of Casey's most efficient and popular teachers and is much loved by a large circle of friends.

The late teachers examination is said to have been quite difficult.

Mike Jones, of Moody, Texas is mingling with friends here. He says there is but little excitement in Texas over the trouble in Mexico.

The late storms have caused the vegetation to grow by leaps and early potatoes and beans are almost in sight.

Several afflicted ones of this vicinity have made trips to Somerset to consult the colored doctor, that is said to be performing some wonderful cases. They report that his office is crowded from morning to night and he is surely coining money. Some think that he can raise the dead, others don't think so but all agree that he can raise the money.

The many friends of Clay Godbey sympathize with him in his affliction. Clay is one of the best of fellows and we hope he will soon be able to be out again.

J. J. Durham, one of Mt. Olive's best citizens had a stroke of paralysis some ten days ago and has been critically ill since.

Rev. K. G. Martin will hold a weeks meeting at Lanham's school house, beginning Monday night. Rev. Chick, pastor of the Baptist church at Liberty will assist him.

There is not very much being said about the congressional race here. Senator Chas. Montgomery's friends think he will carry the county, that Helm's followers do not concede it to him by any considerable majority. In this vicinity the sentiment appears to be about equally divided between the two. They are both popular and have a following that cannot be shaken. This is the situation as we see it now.

"Uncle" Jim McWhorter returned from Frankfort, Sunday quite sick and is still in a critical condition.

Miss Ruby Lee Fogle and Mrs. T. S. Benson are lamenting the loss of some 25 or 30 young turkeys that were snapped up at one gathering by a hungry fox. Desperate means will likely be resorted to if these depredations do not cease.

We are having lots of rain at present and weedy corn fields will likely be the result.

#### WHITE CLOVER HONEY PLENTIFUL THIS YEAR

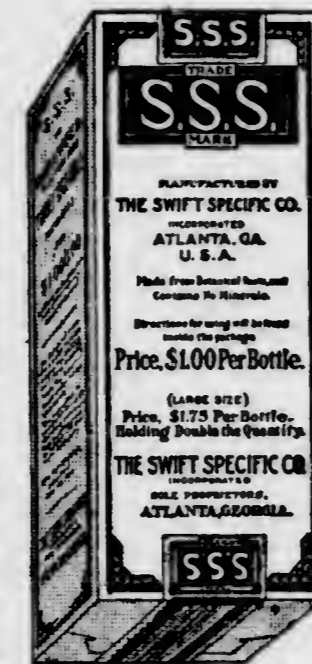

Last year conditions were favorable for white clover and the result has been an exceptional growth of the plant and a good promise for white clover honey this season. White clover is the chief dependence for honey in some parts of the State, and those having bees should see it at once that they are in a condition to take advantage of the "honey flow," which will soon be here.

Colonies should be examined to see if the queen is a good one; if not, a new one should be introduced. A little feeding with equal parts of granulated sugar and water will help in the case of weak colonies, since but little forage has been collected thus far.

The frames and supers to be used should be got in readiness, so there will be no delay when the flow is on.

### Here's A 'Tip' On Rheumatism Follow It

**AN ACCURATE DESCRIPTION**  
When your arm or your leg feels "all knotted" with rheumatism, when you feel as though your muscles were "tied up with a rope," you are really describing your pains accurately. Rheumatism is a condition of the body when acids and other deposits of impurities are actually "tied up" the strands of muscles in your body, or straining the nerves and thus producing the awful shooting pains of sciatica, lumbago, etc. Medical authorities agree that these acid deposits are carried and deposited by the blood in the various parts of the body. It stands to reason, therefore, that local applications such as rubbing with so-called remedies can't do any permanent good. At best they can relieve the pain a little and only for a little while. The only way to effect a real cure is to attack the real cause—the blood. It is cleansed from the troublesome deposits by S. S. S., the reliable blood purifier that is now easing the pains and healing the ill of the third generation. S. S. S. "goes after" the impurities in the blood as relentlessly, as eagerly and as thoroughly as a ferret goes after rats; pursuing the poison into every vein and artery, into every corner of the body, and chasing the troublesome substances out of the system. The blood thus cleansed, carries off the acid and other injurious deposits and "filters" them out of the body through the kidneys. S. S. S. is not a drug. It is a purely vegetable blood purifier. You can get S. S. S. at every drug store. But if in addition you should like to have the advice of the doctors in charge of our laboratory, do not hesitate to write us. You will receive free, conscientious and confidential advice. This is in line with our policy to make every effort to insure the best results from S. S. S. to every sufferer. Get a bottle at your druggist's today. If you wish special advice, write to Medical Department, Room 45, Swift Specific Company, Atlanta, Georgia.

**Five-Passenger Car Complete. Light, Easy to Handle, Economical to Operate.**

From every state in the Union we hear of the amazing success of the latest Overland—the \$615 model.

And why not? An electrically started and electrically lighted, completely equipped Overland, with four-inch tires for only \$615!

Season after season for seven years the Overland factory has experienced one great success after another.

But this one tops them all. The \$615 Overland has made history. It marks the entrance of a new automobile value—a car complete in every sense of the term at a price which was hitherto thought impossible. Not that word "complete."

This means electric starter and electric lights, electric horn, magnetic speedometer—in fact, every necessary item. There are no "extras" to buy.

Note that the motor is the very latest in bloc design—the latest word in fine engineering. Note that the rear springs are the famous cantilever type. Cantilever springs mean the utmost in riding comfort.

Note the electric control buttons on steering column—detachable rims and one-man top. These are all big advantages. This newest Overland is light in weight, easy to handle and very economical to operate.

It is a car that looks good in the best of car company. It is large enough for the whole family—moderately priced—built of the best quality materials—snappy, stylish, speedy.

More Overlands are owned in Lincoln county than any other car, except the Ford—and the Overland owner is always pleased with his car.

## Crab Orchard.

Mr. and Mrs. Thomas Napier, who have been visiting relatives here, returned to their home in Paris, Sunday.

Mr. Hundley Napier, of Central City visited his mother, Mrs. Anna Napier this week. Fifteen graduates chosen to write essays in his school and out of that number Hundley and a young lady were chosen to read their essays before the public, Hundley being chosen valedictorian, an honor he deserved and we are glad to mention of his success.

Mr. W. D. Edmiston has purchased a fine Oakland car of Hubert Carpenter, of Stanford and is learning to run it nicely.

Misses Myrtle Murry and Tanna Thompson were sent as delegates to the "School of Methods" which convened in Mt. Vernon last week.

Miss Ophelia Lackey, Mrs. J. G. Carpenter, Mrs. Shelton Saufley, Mrs. W. A. Tribble and Miss Esther Burch, of Stanford were here Friday afternoon boosting her Chautauqua.

Mrs. W. E. Perkins, Mrs. Levi Elder and Miss Mary Lucille Burgin went with Dr. Burgin to Danville this week shopping.

Mrs. Ida Burnett and baby, who have been visiting Mrs. Will Pettus returned to their home in Middleboro Sunday taking Miss Sara May Pettus home for a visit.

Mr. and Mrs. Ed Bell, of Preachersville visited Mr. and Mrs. Louis Bell Sunday.

Mr. George B. Lyne, the well known secret order man of Crab Orchard was given a boost for Grand Warden last Friday evening at the Odd Fellow's Banquet by Mr. George W. Smith, Jr., of Lancaster, District Deputy for Kentucky, and Rev. C. E. Wyatt, of Carrollton, toastmaster. Altho Mr. Lyne was completely taken by surprise, it was a most deserved compliment. Mr. Lyne has served several times as Noble Grand Chaplain of the Odd Fellow's Lodge and is its present treasurer. He is serving his term of Worthy Patron of the order of "Eastern Star." Judging from his past work the Grand Lodge will be making no mistake in electing him Warden.

Rev. Wyatt preached two splendid sermons at the Christian church Sunday. His evening sermon was upon "Wild Oats" and we wish every boy could have been there to hear.

The members of the Ladies Aid, Christian Endeavor, Sunday School and Men's Bible class donated screen windows and other members donated doors and the work yard is to be nicely cleaned. Our protracted meeting begins June 12 and our pastor wishes everybody, no matter what denomination to feel that they are especially invited to attend every meeting. Good singing.

Dr. Tom Williams, wife and baby, of Shelbyville, visited his aunt, Mrs. Mollie Burgin, Tuesday and Wednesday.

Mr. John Stevenson, Jr., of Cincinnati is home for a stay with his parents, Mr. and Mrs. George Stevenson.

### Farm and Stock News

M. B. Carson, of the West End, sold a nine-month-old Aberdeen Angus calf to Jeff Collingsworth, of Cadmus, last week for \$125. This is about a record price for bull calves around here to date.

From a setting of 107 turkey eggs Mrs. Jesse Turney, of near Paris hatched out ninety-five live young turkeys, which are now thriving. The youngsters are of the White Holland variety. This average is considered a very remarkable one. It has been said by experts that the young is about the hardest proposition in the poultry line.

R. C. Nunnelle, of the Turnersville section, has just returned from a two weeks' visit to his son, Charley Nunnelle at Manhattan, Montana, in the famous Gallatin valley. Young Mr. Nunnelle is operating the large ranch of Jas. Gover, now of this county. It is located in a section where irrigation is necessary. Mr. Gover says that with the kind sort of irrigation, Mr. Nunnelle should make 100 bushels of oats and 60 bushels of wheat to the acre. Mr. Nunnelle brought back samples of the wheat grown there, which is of fine quality and always brings top price.

V. A. Lear and F. B. Marksbury, of Lancaster, represent a wool buying firm, and have already purchased from the Garrard sheep raisers 20,000 pounds or more, paying them an average price of 37 cents a pound.

J. B. Foster sold this week the farm of Mrs. Jesse Stagg, which is located down on the Hanging Fork to W. A. Brent. The farm is one of the best in that section, containing 125 acres and sold for eighty dollars an acre.

W. B. Burton, Lancaster's leading horse and mule dealer, was in Richmond on last Monday, county court day, buying a pair of 4-year-old hybrids at \$275, and an aged mule, price not obtained. Center Bros., of Garrard, were also at the Richmond market Monday, purchasing a 4-year-old mule from Mr. DeJarnett for \$120, and a 5-year-old hybrid for \$135.

The biggest and best bunch of cattle that has been driven through the streets of Nicholasville in years was the one belonging to T. W. Duckworth, who brought them to town Friday and loaded them for Chicago, where he had sold them at a fancy price to a packer. Mr. Duckworth had had the beebes on slop for awhile. They averaged 1,030 pounds and were as uniform a lot as one could wish to see.—Nicholasville News.

Miss Eula Dale, in the Lucas country seems to know the art of raising chickens and of handling the incubator. In the early spring, or rather late winter, she took out of the incubator one hundred and eight chickens, and of these only ten died. A few days ago she sold sixty of these broilers for \$29.35, which is almost 50 cents each. Since that first hatch she has taken off three separate hatches, there being one hundred in the first brood, one hundred and forty-three in the second and one hundred and fifty-nine in the third and over three hundred of these are now living. Next week the incubator will hatch again. Can you beat it? —Glasgow Times.

The feeding of milk to young chicks has a most favorable influence on the growth and on lessening the mortality. It tends to prevent mortality from all causes, and if fed soon enough and for a sufficiently long period greatly reduces the death rate caused by bacillary white diarrhea.

### Almost A Nervous Wreck Was Mr. Black of Richmond; He Now Has Perfect Health

"I can safely say that before taking Tanlac I was almost a nervous wreck," said Mr. John Blackburn, 165 Center street, Richmond, Ky.

"My nervousness was undoubtedly caused by stomach trouble. Since taking Tanlac I never felt better in my life."

Tanlac is a tonic which aids digestion, promotes healthy, refreshing sleep and strengthens the nerves.

There is hardly a portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole system.

Next it enables a weak, worn out stomach to thoroughly digest its food, permitting the assimilation of the nourishing products to be converted into blood, bone and muscle.

It overcomes, it is said, that great

exciting cause of disease, weakness.

It renders the body vigorous and elastic. It keeps the mind clear and energetic, and throws off the symptoms of nervousness and indigestion. It builds up the constitution run down by disease and mental and physical overwork, quickens convalescence and is an unfailing source of comfort to all sufferers from such trouble.

Tanlac is being specially introduced in Stanford at Penny's drug store. 46-1

Tanlac may be obtained at the following nearby cities: Moreland, Abraham Minks; Hustonville, Adams Bros.; McKinney, True & Co.; Ellisburg, Joseph McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robbins; Junction City, Reynolds & Evans; Lancaster, R. E. McRoberts; Bee Lick, J. Reynolds & Son.

V. A. Lear, of Lancaster, shipped about 2,000 lambs to the city markets, most of them going to Louisville, Cincinnati, and Jersey City. He paid the farmers an average price of 8 1-2 cents per pound.

V. A. Lear, of Lancaster, exported a car load of lambs to Cincinnati in the middle of the week, having bought the output of Ben King's flock, 168 head of young wool bearers, the lambs averaging 70 pounds, and costing him 10 1-2 cents per pound. Mr. Lear also shipped a car load of hogs to Hubbard, Haus and Ragsdale in Cincinnati last Tuesday, there being 100 head of swine in the lot, the animals tipping the beam at 200 pounds each. The following are some of his best deals for this export: From John Prewitt 17 head of hogs, averaging 190 pounds at \$8.30 per hundred; from Joe Hicks a dozen hogs tipping the scales at the high figures of 225 pounds and costing 8c per pound; from W. L. Jennings 30 hogs that showed an average of 180 pounds at \$8 per hundred.

### STANFORD TESTIMONY Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you must always find the recommender a Stanford resident. It's the same everywhere—in 3,800 towns in the U. S. W. H. Mershon, Lancaster pike, Stanford, says: "I was troubled some time ago with an acute attack of kidney trouble. My back ached constantly and I had considerable pains through my loins. ### You Pay For One Every Year

Why not have one this year?

Weigh your saving in corn, your reduced need for hay, bran and other expensive fodder, the improved condition of your cattle from silage feeding, against the cost of a silo and there is only one way to figure it

You're Not Saving But Losing Money

by trying to do without a silo.

And every year you hesitate means a probably increased cost due to advancing costs of lumber, metals and labor. No better time than "right now", no better place than right here at home to get that silo you need.
